PUBLICATION OF UNVALIDATED AERODROMES DATA

1. International Civil Aviation Organization (ICAO) Annex 15 Appendix 7 and Annex 14 details Aeronautical Data publication resolution and integrity classification requirements for the publication of aeronautical data in the Namibian aeronautical Information Publication (AIP)
2. In the interest of aviation Safety, the following aerodrome data do not meet the requirements of Annex 14 Vol 1 and Annex 15 Appendix 7 details Aeronautical Data publication resolution and integrity classification and can only be used for flight planning purposes. This information will contain non-validated and unverified (non-surveyed) data.
3. Publication of this information in the AIC does not imply that the aerodromes are available for use. Pilots and Operators should comply with the requirements described in Namibia AIP AD 1.1 Aerodrome/Heliport Availability before operating into any aerodrome. Aircrews should be aware that the aerodrome conditions published herein may not reflect actual conditions at the aerodrome and NOTAM action may not always be published by the Aerodrome Operator
